Overpayments beyond the 25% will be refunded if the reduction occurs before December 1, 2019.

- Any company canceling its exhibit space on or after February 1, 2020 will not receive any refund due to the late date in which Exhibition Management was informed of the cancellation.

NATURE OF SPACE ASSIGNMENT

The assignment of space to an exhibitor is not to be construed as a leasing of property. It is merely the granting to the exhibitor of a license to enter upon the designated space for the sole purpose of exhibiting products in conformity with these Rules and Regulations and subject to the terms of certain leases between LVCVA as lessors, and Exhibition Management, as lessee, for the period of IFPE 2020.

ASSIGNMENT OF EXHIBIT SPACE

PRIORITY FORMULA

The Priority Formula is used in a number of matters including the assignment of exhibit space. It is as follows:

\[
\text{Years of Membership} \times 10 + \frac{\text{Total SF in 2017 Show}}{100} = \text{Priority Number}
\]

DEFINITION OF MEMBERSHIP NUMBER -- Exhibition Management chooses the company/division with the greatest number of membership years in the National Fluid Power Association (NFPA). An exhibitor must be a current member in good standing of NFPA in order to have its years of membership used in calculating the membership number.

DEFINITION OF PAST PARTICIPATION NUMBER -- Exhibition Management uses the total square footage purchased by an exhibitor for IFPE 2017.

EXHIBIT SPACE ASSIGNMENT PROCESS

Exhibitors who submit applications and deposits prior to August 15, 2018 will be a part of the Priority Assignment Process. Every attempt will be made to accommodate exhibitor space requests. The first assignment of exhibit space priority will be based on the above mentioned priority formula and the designated product concentration areas.

The first assignment process is as follows: all past IFPE 2017 exhibitors will be assigned by priority number first, all other exhibitors returning their application and 25% by August 15, 2018 will be assigned by priority number second. Applications received after August 1, 2018 will be assigned on a first-come, first-serve basis by Exhibition Management.
No applicant will be allowed to select an exhibit space unless the application is signed and payment has been received based on the following schedule:

- Applications received prior to February 28, 2019 must be accompanied by 25% of the total cost of exhibit space.
- Applications received on or after February 28, 2019, but prior to September 30, 2019 must be accompanied by 50% of the total cost of exhibit space.
- Applications received on or after September 30, 2019 must be accompanied by full payment of exhibit space.

Exhibition Management will make every attempt to accommodate every request for space, including the preferred product concentration area and stand dimensions. Exhibition Management reserves the right to reassign exhibitors at any time during the show planning process. In the event that all of the available space has been assigned, a waiting list for space will be kept. When an opening becomes available, exhibit space will be assigned on the basis of the date the application was received.

REMANUFACTURED AND USED EQUIPMENT
Remanufactured equipment and components may be exhibited by the Original Equipment Manufacturer (OEM) of that product or products for the purpose of showing the role of remanufacturing in the OEM’s business. OEM Authorized Remanufacturers may also exhibit remanufactured equipment and components and their services to the industry. Other exhibitors may not exhibit in their space any used or remanufactured equipment.

SUB-LEASING OF EXHIBIT SPACE
The exhibitor agrees not to reassign, grant, sublease or license the use of space, or any part thereof allotted to them. Exhibitors are not permitted to display separately in their space any equipment, components or products built by non-exhibiting manufacturers or other non-qualifying divisions of exhibiting manufacturers (hereafter “non-exhibiting manufacturers”), unless the space shared is with a member in good standing of one of the principal sponsoring organizations.

If a component made by a non-exhibiting manufacturer is normally furnished as an integral part of the equipment being exhibited, the exhibitor of the equipment may include the component but cannot call any special attention to it. If equipment made by a non-exhibiting manufacturer is normally furnished as an integral part of the component being exhibited, the exhibitor of the component may include the equipment but cannot call special attention to it. In either case, the exhibitor shall pay the non-member space rate for that portion of the exhibit space occupied by the non-exhibiting manufacturer’s product, except if the non-exhibiting manufacturer’s equipment product occupies 50% or more of the exhibit space, then the non-member space rate will be charged for the entire exhibit space.

INTERNATIONAL PAVILIONS
Exhibition Management may in its discretion make international pavilion exhibit space available to a non-U.S. construction industry manufacturer trade organization for resale to the organization’s members. The organization and each of its exhibitors in an international pavilion shall be subject to, and shall agree to comply with, these exhibition rules and regulations and the guidelines for International Pavilion Organizers, including but not limited to the eligibility requirements and exhibiting only qualifying products. Exhibition Management may in its sole discretion limit the overall size of an International Pavilion and the maximum size of any exhibit space within an International Pavilion.

SHARED EXHIBIT SPACE
Exhibitors must notify Exhibition Management of their intent to share their allocated space. If an exhibitor does not notify Exhibition Management, Exhibition Management will take action described under the “Penalties for Violation of Exhibition Rules” section.

EXHIBITS
Exhibits are permitted only in the official exhibit areas of the IFPE 2020 Exhibition.
NO HOTEL EXHIBITS

The Las Vegas hotels have entered into signed agreements with Exhibition Management not to: (1) rent or assign any public space, or sleeping rooms for exhibit purposes at any time during the official Exhibition days of IFPE 2020 nor (2) permit the use of any public space, or sleeping rooms for entertainment purposes or press conferences during the hours of the official Exhibition days.

NO OTHER EXHIBITS

IFPE exhibitors will not exhibit or participate in any exhibit within 100 miles of Las Vegas during the period of the Exhibition (Tuesday, March 10 through Saturday, March 14). IFPE exhibitors shall not conduct any auctions or sales events within 100 miles of Las Vegas during Exhibition period.

STORAGE AND PACKING MATERIALS

The storage of packing boxes, crates, etc. for the duration of the Exhibition is included in the space rates. Proper identification tags will be available at the Contractor Service Desks. Two of these tags must be attached to each piece to be placed in storage. All flammable packing materials such as paper, straw, etc. must be totally enclosed in containers. Materials not complying with these requirements will be considered refuse and disposed of by the cleaners.

WORK RULES & EXHIBITOR APPOINTED CONTRACTORS

EXHIBITOR APPOINTED CONTRACTORS

An Exhibitor Appointed Contractor (EAC) is any company other than the designated official contractors that provide services such as display installation and dismantling, models, florists, photographers, audio visual firms, etc. and need access to your exhibit any time during installation, Exhibition dates or dismantling.

RULES & REGULATIONS

If the exhibitor wishes to use an EAC, the following rules and regulations must be adhered to by the exhibitor and the EAC. THESE RULES WILL BE STRICTLY ENFORCED. The exhibitor must complete the Non-Official Contractor form in the Exhibitor Services Manual. Also, the exhibitor must inform whether this contractor is authorized to order Exhibition services on the exhibitor’s behalf.

1. Exhibitors must submit a Non-Official Contractor form for all EACs working on their behalf no later than January 15, 2020. This form can be found in the Exhibitor Services Manual.
2. The EAC shall refrain from placing an undue burden on the Official Contractors by interfering, in any way, with the official contractor’s work.
3. The EAC will not solicit business on the Exhibition floor during any of the overall days of the exhibition, including installation, Exhibition dates and dismantling.
4. The EAC is responsible for adhering to all rules and regulations requiring badging.
5. If the EAC, in any way, disrupts the orderly conduct of business by any of the official contractors, or impairs the smooth installation and dismantling of the exhibition, the EAC will immediately cease such disruption or be removed from the exhibition site. Exhibition Management will have the final decision in such instances.
6. EACs who provide installation and dismantling services will be sent the proper information from the Exhibitor Services Manual upon request by the authorizing exhibitors.

In performing work for their clients, the EAC shall cooperate fully with the Official Contractors and shall comply with existing labor regulations or contracts as determined by the commitments made and obligations assumed by Exhibition Management in any contracts with the Official Contractors. Failure to comply with these regulations will result in refusal or loss of authorization to perform services and immediate removal from the Exhibit site.

Exhibition Management has entered into an agreement with Exhibitor Appointed Contractor’s Association (EACA) to screen and vet all Exhibitor Appointed Contractors. Information on registering Exhibitor Appointed Contractors will be available in the Exhibitor Services Manual.
INSURANCE REQUIREMENTS FOR EXHIBITOR APPOINTED CONTRACTORS
Exhibitor Appointed Contractors must provide Exhibition Management with a Certificate of Insurance for workers’ compensation and employers’ liability, comprehensive general liability, and automobile liability insurance. The policy must provide the minimum limits listed below:

The exhibitor appointed contractor should name the Exhibition Management, the Sponsoring Associations, the Exhibition Owners, and the General Contractor as additional insureds.

SERVICES PROVIDED REGULATIONS
Exhibitor appointed contractor/independent contractor services will be limited to the erection, dismantle, and preparation of display materials only. Labor and/or services for the installation and dismantling of products to be displayed by exhibitors must be contracted from the Official Contractor designated by Exhibition Management for that service. Exhibitor appointed contractors/Independent Service Contractors must submit a Certificate of Insurance to Exhibition Management no later than 30 days prior to the commencement of installation.

The Official Contractor will handle the use of power washers to clean equipment. The use of power sprayers or spray paint to touch up equipment and tires will only be allowed in designated areas in the marshaling and assembly areas. Exhibitors and their employees can hand wipe, buff or touch up paint (with brushes) their own equipment and display pieces within the exhibitor’s assigned exhibit space; exhibitor appointed contractor are not permitted to perform these services.

The LVCVA requires Exhibitor Appointed Contractors to abide by certain guidelines and regulations. These regulations are detailed as an attachment to the Exhibition rules & regulations.

WORK RULES: EXHIBIT INSTALLATION, OPERATION AND DISMANTLING
All work involved in the erection and dismantling of exhibits or the movement of freight in the LVCC is under the official contractor’s jurisdiction. Exhibitor appointed contractor services will be limited to the erection, dismantle, and preparation of display materials only. Labor and/or services for the installation and dismantling of products to be displayed by exhibitors must be contracted from the Official Contractor designated by Exhibition Management for that service. Exhibitors are expected to comply with the official contractor’s union requirements in effect at the LVCC.

In the interest of the exhibitors, Exhibition Management has selected certain firms as official contractors for such services as cartage and handling of exhibit shipments; rental of furniture and other stand equipment, decorations, signs, flowers, etc. All service contractors selected by Exhibition Management employ appropriate union personnel. Exhibitors must use the Official Contractor for drayage and rigging, hanging truss, electrical, plumbing, custom cleaning (please refer to the Exhibitor Appointed Contractors section for details), and food service.

For other services, exhibitors desiring to use contractors other than those officially appointed by Exhibition Management should refer to the Exhibitor Appointed Contractors section.

GRATUITIES TO EXHIBIT LABOR
Exhibition Management and Exhibition contractors have established a strict “no tipping” rule. Exhibitors must observe this rule during the entire period of the installation, show, and dismantling periods. It is prohibited to give any amount of gratuity, tips or gifts of any kind to workers, foremen or anyone else connected with the hauling of equipment or setting up or removal of the exhibit. Any infractions should be reported to Exhibition Management or a floor manager immediately. The official contractor has agreed to refuse acceptance of any time card to which a tip has been added. There will be no gratuities included on any drayage invoices.

Any exhibitor who pays gratuities to labor is acting not only against their own interest, but against the interest of the Exhibition. Any exhibitor who is solicited for a gratuity should report such solicitation immediately either to Exhibition Management or to an official with the Official Contractor.
